

### **Micro Hydropower Plant CALETA GONZALO**

**Turbine MTF/SKAT T-13/275**

#### **Specifications**

Type: Cross-flow ('Banki')  
 Gross head: 20 m  
 Design flow: 245 l/s  
 Penstock diameter: 400 mm  
 Penstock length: 290 m  
 Penstock material: PVC C.4  
 Power: 25 kW

**Made by:** MTF - Chile  
**Year built:** 1999

#### **Project**

Micro Hydropower Plant  
 Rehabilitation by INTE - MTF

#### **Location**

Gonzalo Bay – Pumalin Park  
 Región de Los Lagos - CHILE

**25 kW**

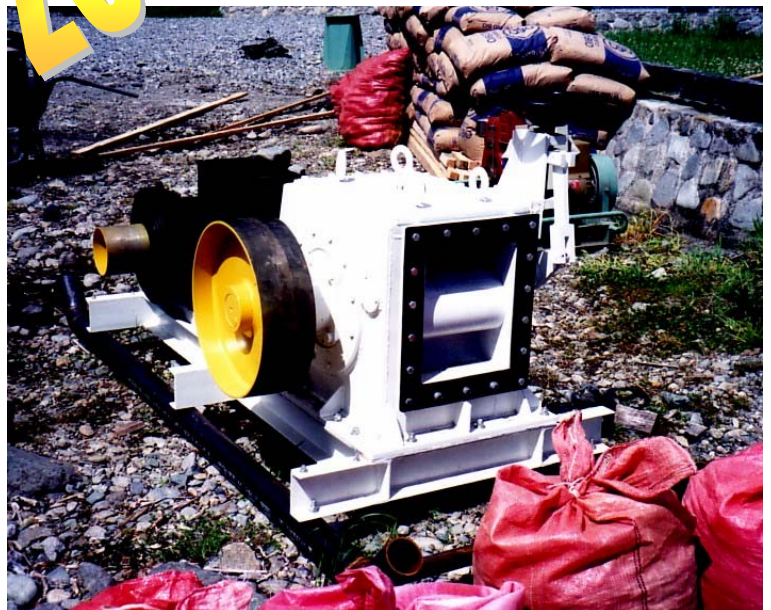

Location map  
(See [www.turistel.cl](http://www.turistel.cl), Road Map 'I')

#### **Figures**

1 Turbine-generator group at powerhouse

2 Turbine-gen. group, cement & gravel, ready for helicopter transportation

*A TC Group "Technologies for your Comfort" enterprise*
